

## Fitch Nombra a Carlos Fiorillo Director General de Latinoamérica

Fitch Ratings-Monterrey/New York-22 May 2019: Fitch anunció hoy el nombramiento de Carlos Fiorillo como director general de Latinoamérica, efectivo de manera inmediata. Carlos Fiorillo toma el puesto de Peter Shaw, quien se ha retirado después de 25 años de servicio en Fitch.

Recientemente, Carlos Fiorillo encabezó la operación de Fitch en México, posición que tomó en abril de 2017. Anteriormente, dirigía las operaciones de Fitch en Colombia, Centroamérica y el Caribe.

"Carlos tiene un excelente historial de pensamiento estratégico, operaciones, cumplimiento y crecimiento. Su fuerte habilidad de liderazgo y buen juicio permitirán que Fitch siga consolidando su posición sobresaliente en la región," dijo Mark Oline, director global del área de Business Relationship Management (BRM) en Fitch.

"Quiero agradecer a Peter por su larga y distinguida carrera de 25 años en Fitch. Su conocimiento e integridad han sido un factor importante para que Fitch alcanzara y mantuviera su posición líder en el mercado en Latinoamérica, además de que siempre ha sido una voz respetada en la región. Le deseamos lo mejor en su retiro".

Basado en Ciudad de México, Carlos Fiorillo reportará a Mark Oline.

"Fitch es el líder absoluto en los mercados de capital en Latinoamérica, con más de 300 empleados, 13 oficinas y cobertura a más de 20 países. Es un honor asumir la responsabilidad de esta gran organización," dijo Fiorillo.

"Fitch fue la primera agencia calificadora en entrar al mercado latinoamericano y ha continuado reforzando su compromiso inicial al combinar su experiencia internacional con extensa capacidad práctica y relaciones con inversionistas y emisores. Las opiniones crediticias de Fitch y su visión a través del ciclo económico son inigualables. Espero continuar esta tradición de excelencia en Latinoamérica".

Carlos Fiorillo tiene un grado de estudios en ingeniería eléctrica de la Universidad Simón Bolívar de Venezuela y una maestría en administración de negocios del Instituto de Estudios Superiores en Administración.

In issuing and maintaining its ratings and in making other reports (including forecast information), Fitch relies on factual information it receives from issuers and underwriters and from other sources Fitch believes to be credible. Fitch conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security or in a given jurisdiction. The manner of Fitch's factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the

requirements and practices in the jurisdiction in which the rated security is offered and sold and/or the issuer is located, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors. Users of Fitch's ratings and reports should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information Fitch relies on in connection with a rating or a report will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to Fitch and to the market in offering documents and other reports. In issuing its ratings and its reports, Fitch must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings and forecasts of financial and other information are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings and forecasts can be affected by future events or conditions that were not anticipated at the time a rating or forecast was issued or affirmed.

The information in this report is provided "as is" without any representation or warranty of any kind, and Fitch does not represent or warrant that the report or any of its contents will meet any of the requirements of a recipient of the report. A Fitch rating is an opinion as to the creditworthiness of a security. This opinion and reports made by Fitch are based on established criteria and methodologies that Fitch is continuously evaluating and updating. Therefore, ratings and reports are the collective work product of Fitch and no individual, or group of individuals, is solely responsible for a rating or a report. The rating does not address the risk of loss due to risks other than credit risk, unless such risk is specifically mentioned. Fitch is not engaged in the offer or sale of any security. All Fitch reports have shared authorship. Individuals identified in a Fitch report were involved in, but are not solely responsible for, the opinions stated therein. The individuals are named for contact purposes only. A report providing a Fitch rating is neither a prospectus nor a substitute for the information assembled, verified and presented to investors by the issuer and its agents in connection with the sale of the securities. Ratings may be changed or withdrawn at any time for any reason in the sole discretion of Fitch. Fitch does not provide investment advice of any sort. Ratings are not a recommendation to buy, sell, or hold any security. Ratings do not comment on the adequacy of market price, the suitability of any security for a particular investor, or the tax-exempt nature or taxability of payments made in respect to any security. Fitch receives fees from issuers, insurers, guarantors, other obligors, and underwriters for rating securities. Such fees generally vary from US\$1,000 to US\$750,000 (or the applicable currency equivalent) per issue. In certain cases, Fitch will rate all or a number of issues issued by a particular issuer, or insured or guaranteed by a particular insurer or guarantor, for a single annual fee. Such fees are expected to vary from US\$10,000 to US\$1,500,000 (or the applicable currency equivalent). The assignment, publication, or dissemination of a rating by Fitch shall not constitute a consent by Fitch to use its name as an expert in connection with any registration statement filed under the United States securities laws, the Financial Services and Markets Act of 2000 of the United Kingdom, or the securities laws of any particular jurisdiction. Due to the relative efficiency of electronic publishing and distribution, Fitch research may be available to electronic subscribers up to three days earlier than to print subscribers.

Fitch Ratings, Inc. is registered with the U.S. Securities and Exchange Commission as a Nationally Recognized Statistical Rating Organization (the "NRSRO"). While certain of the NRSRO's credit rating subsidiaries are listed on Item 3 of Form NRSRO and as such are authorized to issue credit ratings on behalf of the NRSRO (see <https://www.fitchratings.com/site/regulatory>), other credit rating subsidiaries are not listed on Form NRSRO (the "non-NRSROs") and therefore credit ratings issued by those subsidiaries are not issued on behalf of the

NRSRO. However, non-NRSRO personnel may participate in determining credit ratings issued by or on behalf of the NRSRO.
